ABOUT SARAH GABA

In her role as Asset Management Director, Sarah oversees operations of all aspects of CHOM's Supportive Housing Portfolio, assuring occupancy, maintenance, and compliance are carried out with a focus on CHOM's mission. She is blessed to assume this role with the support of the Asset Management team at CHOM. Our exceptional team collaborates with more than 55 community partners, threading the needle from service providers to residents with a goal of orchestrating successful outcomes for our tenants. It has always been Sarah's view that our most basic needs must be met before we can choose to thrive, and this view carries forward in her work at CHOM.

Sarah has more than 22 years of experience in housing focused work with vulnerable populations and holds a B.A. in Women and Gender Studies from Drew University. Before joining CHOM, Sarah worked at the City of Portland in a variety of roles throughout the Social Services Division, focusing on unhoused populations. Sarah has served on the Standish Town Council since 2019, serving two elected terms, including being elected Council Chair by her peers in 2023. In 2017, Sarah volunteered in the grassroots movement that became Women's March, and became a lead organizer of the Maine chapter of the national organization, leading transportation and logistics to empower Maine women and people to participate in national demonstrations in support of Women's rights.

ABOUT CHOM

Mission & Values

CHOM creates, owns and maintains high-quality homes to house more than 1,200 of Maine's most vulnerable people. Since its inception in 1993, Community Housing of Maine (CHOM) has been one of the most creative affordable housing developers in the state. CHOM collaborates to produce and maintain community-based housing that fosters a sense of pride, dignity, and respect and ensures its residents receive sufficient support to be successful in their homes. While its direct work is in providing housing, CHOM is deeply dedicated to advocating for equity. CHOM advocates on behalf of all vulnerable populations on local, state, and federal policy issues to achieve diversity, equity, and inclusion for all populations.
